

WINTERFEST
FEBRUARY 3, 2018

NJ DeMolay Advisor Training

Presented by Alex Fizz from
the National Masonic
Foundation for Children

This meaningful and engaging program will explore in-depth the challenges that adolescents face everyday.

- Through activity, dialogue, research and reflection, we will tackle topics such as depression, suicide, drugs and alcohol, and trans-gender youth.
- We will also provide a focus on the skills and practices of being a servant leader.
- All participants will leave with a ***plan of action*** to best serve their Masonic Youth Group and an ***early intervention action plan*** for children that they may become concerned about.
